

## LOCAL MATTERS.

Our G. A. R. friends here, as may be seen by the following brief but expressive document, are kindly remembering their brethren who gave their lives to save a common country from ruin, and give an earnest of their sympathy by sending material aid, as a free gift, to assist in educating the orphans of those fallen heroes so as to prepare them for the responsibilities of intelligent citizenship. When we know that this contribution comes from men who make their living by daily labor, the public will unite with us in commending their generosity in aiding so laudable an object:

**Ohio Soldiers' Orphans' Home,**  
Treasurer's Office, Dayton, O.,  
December 7, 1870.

Received of George V. Kelley, P. A., Massillon, Hart Post, No. 2, One Hundred Dollars, as a donation to the Ohio Soldiers' Orphans' Home.

G. A. GUNCKEL, Treas.

Some people pretend to say that the fire companies are about to disband, but whether the report is true or not we do not know. If such a movement is in contemplation it will be very unfortunate for the town, for the members have always been prompt and efficient to combat the fires with which they have come in contact, and seldom left the scenes of operation until they had achieved a noble victory. We hope the report is unfounded; but if there is any ground for it our citizens should see to it that the causes for this movement be done away with as speedily as possible.

Those knowing themselves indebted to Yost & Bro. will save trouble and expense, by going there and settle. Notes and accounts, not paid or settled satisfactory, at a reasonable time after this notice will be left in the hands of some suitable person for collection.

The Alliance Democrat says that certain kind-hearted ladies of Alliance, learning that Mrs. Amanda Garrison, wife of the late Editor of the Massillon American, was entirely destitute, held a donation party, leaving her a good supply of provisions and \$34.63. This is surprising.

**STARK COUNTY TEACHERS' ASSOCIATION.**—A special meeting of the association will be held in the hall of the Canton Union School Building on Saturday January 28, 1871, at 10 A. M. A lecture will be delivered by Prof. Worley, of Canton, and matters of importance to teachers will be discussed. It is hoped that there will be a grand turnout of the teachers of the County.

**THE EXECUTIVE COMMITTEE.**

At the election held on Saturday, 14th inst., the following named gentlemen were elected officers of the Stark County Agricultural Society. Jacob H. Bair, President; J. G. Keith, Vice President; S. S. Geib, Geo. D. Harter, J. M. Truby, and Richard Lee, Directors. The first meeting of the board will be held on Saturday, January 28th at the office of the Secretary, at ten o'clock A. M. And all those who feel an interest in the prosperity and success of the Society should attend, and give the board their counsel and encouragement. Tell them what you want and see to it that our agricultural Society is efficient in promoting the interests of all the branches of industry. The commissioners have given our Society a room in the Court House, which is large enough to accommodate all who come.

About midnight of Wednesday last the alarm of fire was given, as the stable of the Farmer's Hotel on Oak street was found to be in flames. From all quarters people rushed to the scene to aid, if possible, in rescuing property from impending danger. The fire companies had their machinery there, but so rapid was the progress of the fire that the building was a heap of ruins, almost before water to any amount began to play upon it. Four horses and a cow, the property of Mr. Baehle, also, a horse belonging to a peddler were burned to death. In addition to these losses to Mr. B. was that of a quantity of hay and straw, with probably some grain. The loss to him must be \$2000 or \$2500—the only \$200 insurance of the building. The air was fortunately calm that night, or the conflagration would have proved much more destructive. As it was two adjacent stables were destroyed, one of which belonged to Mr. Allen Russell, and occupied as a stable by Russell & Co., and the other to Mr. Snyder. The horses in Russell's stable were removed, but a considerable quantity of hay was destroyed. Another small building belonging to Jacob Shearer, was slightly burned at the north end, but not damaged seriously. Russell's property was insured to the amount of \$500. Quiet as was the night, sparks and coals were carried long distances from the scene of disaster, but fortunately they fell harmless to the ground. How the fire originated is unknown, but there are so many abominable old pipes and stoves about—there is no knowing what mischief they do. The loss to Mr. Baehle is a severe one. It is probable he will rebuild as soon as convenient.

E. P. Grant, Esq., of Canton, an able and somewhat distinguished writer on subjects requiring much thought and careful study in their elucidation, is now producing a series of articles on co-operation, which appear in the Democrat of that place. He sustains the theories of Fourier, the celebrated French communist, and in doing so combats some of the leading theories now prevalent in our own and other countries, which have for their object the betterment of the moral and religious conditions of man. He claims, if we understand him properly, that efforts should rather be directed to the improvement of man's physical condition as the first correct step in his elevation; for unless this is done all labor to elevate his moral and religious character and conduct will be abortive, as the physical propensities will override the latter as long as they stand in its way. There is much food for thought in this view of these questions, and to all who would receive instructions thereon, we suggest that they carefully read these essays of Mr. Grant, and whether they agree with him or not, there is a possibility of learning much that is worth knowing in their perusal.

The Home Relief Society will meet at the residence of Mrs. C. London, on Thursday next, at 1 p. m. We learn this society is well attended and much good is being done for the worthy needy in our community.

Following the mild days of last week we had a change to colder temperature—freezing followed, and on Monday snow enough fell to start out a few sleighs. West of us portions of the country have been terribly snowed over, sometimes impeding railroad travel for a short time.

T. P. Pease and his sister, Mrs. F. P. Church, left here for Portland, Oregon, on Monday last. Mr. Pease, railroad superintendent at that place, it is said, will give Mr. Pease a situation on the road.

See new advertisement of Lookwood & Son in to-day's paper. They have on hand a large stock of useful articles and can supply the wants of customers with a great variety. Give them a call.

Mr. Trevellick, a leading man in the workingman's movement, will lecture on next Saturday evening in the Opera House, on the issues of the day. Mr. T. has the reputation of being an able advocate of the cause for which he pleads, and all citizens will do well to attend his lecture.

The Presbyterian and Methodist churches have been holding continuous protracted meetings in their respective places of worship ever since the beginning of the year.

We have no particulars in the case, but a report is current here that a miner, one day last week, was instantly killed in consequence of the explosion of a can of powder near him, which is supposed to have accidentally taken fire from his lamp.

Wm. Mausz & Son have purchased a store room near Warwick & Co's store, Main street, west of canal where they expect to remove their establishment on the first of April next.

## THIS EVENING AT THE Opera-House!

### MARRIED

At Canton, Jan. 21, Mr. Frederick Laxter of this city and Miss Henrietta Flood.

### DEATH OF HON. ISAAC HAZLET.

At his residence in the city of Canton, on Sunday morning, the 22d inst., Hon. Isaac Hazlet in the 47th year of his age.

In writing the necrology of the bar of Stark county, Judge Hazlet makes the seventh that has passed away within the last four years, and including Judges Potter and Bliss of Columbiana and Wayne respectively, the former of whom was judge of this subdivision of the 19th district, and the latter a constant attendant on the courts of this county; it will be seen that within the period above named nine of the members of the bar familiar with the business of this county have passed away.

Judge Hazlet had been a member of the bar and a practicing lawyer twenty-five years. In 1854 he was elected probate judge, which office he held for one term, discharging its duties with entire satisfaction, and would doubtless have been re-elected but for the rigor of party discipline that recognizes no worth that does not pronounce the Shibboleth without faltering. As a lawyer he was a man of undoubted integrity, and while never aspiring to brilliancy had few superiors as safe counsel upon whose advice entire reliance might be placed, and it is not disparaging to the merits of the gentleman of the bar who survive him to say,

that such as he are an ornament to the profession.

Judge Hazlet was a native of Canton, and had always resided there, and a son of the late Hon. James Hazlet, an associate judge under the organization of the judiciary, prior to the adoption of the present constitution, and who was a man of unimpeachable integrity. For many months, if not an entire year past, Judge Hazlet suffered from disease of the heart, which kept him confined to his house, and dropsy supervening carried him off suddenly, though his death was expected. The best medical aid could afford him no relief, and few knew of his intense suffering during the long months of his illness.

He leaves a wife, a daughter of the late Daniel Brown, Esq., of this city, and three children, who in their affliction are the recipients of a widespread sympathy.

## TO PHYSICIANS.

Allow to call attention to my Preparation of Compound Extract Buchu.

The compound parts are Buchu, Long Leaf, Cubeb, Juniper Berries.

Mode of Preparation.—Buchu, in vacuo, Juniper berries, by distillation to form a fine gin. Cubeb extracted by displacement with spirits obtained from Juniper Berries, very little sugar is used and a small proportion of spirit. It is more palatable than any now in use.

Buchu as prepared by druggists, is of a dark color. It is a plant that emits its fragrance, the action of a flame destroys this (its active principle), leaving a dark and glutinous decoction. Mine is the color of ingrain, and the Buchu in my preparation predominate; smallest quantity of the other ingredients are added, to prevent fermentation; upon inspection it will be found not to be a tincture, as made in pharmacopoea, nor is it a syrup—and therefore can be used in cases where fever or inflammation exists. In this, you have a knowledge of the ingredients and the mode of preparation.

Hoping that you will favor it with a trial, and that upon inspection it will meet with your approbation,

With a feeling of profound confidence, I am, very respectfully,

H. T. HELMBOLD, Chemist and druggist of 19 years experience.

(From the largest Manufacturing Chemists in the world.)

November 4, 1871.

"I am acquainted with Mr. H. T. Helmbold, he occupied the Drug Store opposite my store, and was successful in conducting the business where others had not been equally so before him. I have been favorably impressed with his character and enterprise."

WILLIAM WEIGHTMAN, Firm of Powers & Weightman, Manufacturing Chemists, Ninth and Brown Streets, Philadelphia.

## HELMBOLD'S

## FLUID EXTRACT

## BUCHU.

For weakness arising from indiscretion. The exhausted powers of nature which are accompanied by so many alarming symptoms among which will be found indigestion, to exertion, loss of memory, wakefulness, or of disease, or forebodings of evil; in fact, universal lassitude, prostration, and inability to enter into the enjoyment of society.

## THE CONSTITUTION

once affected with organic weakness, requires the aid of medicine to strengthen and invigorate the system; which Helmbold's Extract Buchu invariably does. If no treatment is submitted to, consumption or insanity ensues.

## Helmbold's Fluid Extract Buchu

in affections peculiar to females, is unequalled by any other preparation, as in chlorosis, retention, painful, or suppression of catamenia, any evacuations, ulcerated or Schirrus state of the uterus, and all complaints incidental to the sex, or the decline or change of life.

## Helmbold's Fluid Extract Buchu

will radically exterminate from the system diseases arising from habits of dissipation, at little expense, little or no change in diet, no inconvenience or exposure; completely superseding those unpleasant and dangerous remedies copaiva and mercury, in all these diseases.

## Helmbold's Fluid Extract Buchu

In all diseases of these organs, whether existing in male or female, from whatever cause originating, and no matter how long standing. It is pleasant in taste and odor, immediate in action, and more strengthening than any of the preparations of bark or iron.

Those suffering from broken down or delicate constitutions, procure the remedy at once.

The reader must be aware that, however slight may be the attack of the above diseases, it is certain to effect the bodily health and mental powers.

All the above diseases require the aid of a Diuretic. Helmbold's Extract Buchu is the great Diuretic.

Sold by druggists everywhere. Price \$1.25 per bottle, or 6 bottles for \$6.50. Delivered to any address. Describe symptoms in all communications. Address,

## Hoofland's German Bitters.

## Hoofland's German Tonic.

## Hoofland's Podophyllin Pill.

## Hoofland's Greek Oil.

## Hoofland's German Bitters.

## A Bitters without Alcohol or Spirit of any kind.

Is different from all others. It is composed of the purest and most valuable roots, herbs, and barks, (or as medicinally termed extracts), the worthless or inert portions of the ingredients not being used. Therefore, in one bottle of this bitters there is contained as much medicinal virtue as is found in several gallons of ordinary mixtures. The ingredients used in this bitters are grown in Germany, their vital principles extracted in that country by a scientific chemist and forwarded to the manufacturer in this city, where they are compounded and bottled.

Containing no spirituous ingredients, the bitters is free from the objections urged against all bitters, no desire for stimulants can be induced from their use, they cannot make drunkards, and cannot under any circumstances, have any but a beneficial effect.

Will be compounded for those not inclined to extreme bitters, and is intended for use in cases where some delicate stimulant is required in conjunction with the tonic properties of the bitters. The price of the tonic contains one bottle of the bitters, combined with pure Santa Cruz Rum, and flavored in such a manner that the extreme bitterness of the bitters is overcome, forming a preparation highly agreeable and pleasant to the palate, and containing the medicinal virtues of the bitters. The price of the tonic is \$1.00 per bottle, which many persons think too high. They must take into consideration that the stimulant used is guaranteed to be of a pure quality. A poor article could be furnished at a cheaper price, but it is not better to pay a little more and have a good article, than to pay less and have a poor one. The bitters of the tonic preparation should contain only the best ingredients, and they who expect to obtain a cheap compound will most certainly be cheated.

For Liver Complaint, Dyspepsia, Nervous Debility, Indigestion, Dropsy, the Kidneys, Bruisures of the Skin, and all diseases arising from a disordered Liver, or Stomach, or Imperious of the Blood.

## Hoofland's German Tonic

Have candidly asserted their opinion that there is no remedy equal to Helmbold's BILDER to that class of diseases peculiar to the people of sedentary habits. It is a preparation of wonderful virtue in all cases of this kind, never having failed in effecting a cure, and it still continues on its triumphant career. For all forms of diseases arising from the impurity of the Blood, or derangement of the digestive organs, including General Debility, Dyspepsia, Liver Complaint, Sick Headache, Constipation, and similar ailments, it is a certain remedy. Leading physicians everywhere prescribing it to their patients, and have given the proprietors of the Bitters many testimonials of their confidence in the efficacy of the preparation as a remedy. Sold in square bottles only, by all respectable druggists and storekeepers. Price, one dollar per bottle. For January.
